Re: U.S. Patent Application 10/066,775  
For: **TEST SYSTEMS FOR PROTOCOL MEMORIES**  
Inventor: ABROSIMOV Igor Anatolievich; KLOTCHKOV Ilya Valerievich  
Our Reference: 1902 US

Dear Sirs,

Please find enclosed a Petition to Revive the above application abandoned unintentionally.

The reason for abandonment is that the Applicant in record, Acuid Corporation Guernsey Limited, in 2005, due to financial problems had terminated business operations and closed its offices in UK and Russia, so that the address for correspondence became invalid, and the Attorney in record could not reach the Applicant. In the absence of information, the Applicant respectively, could not issue proper instructions, so that no appropriate actions were taken that caused abandonment of the application. At present, a potential buyer via a chain of transfers that will be shortly registered by filing duly executed Assignments, is going to acquire the rights in this application, so that the inventors respectfully request revival of the application and continue prosecution of the application.

Yours faithfully,

Abrosimov I. A.
